MEMORANDUM FOR: Deputy Director (Plans)

SUBJECT: Department of Defense
Advisory Panel on Research
in Special Operations

1. The Assistant Secretary of Defense for Research and Development is establishing an Advisory Panel on Research in Special Operations. The Panel is to develop technical advice for the Department of Defense in the fields of psychological warfare, unconventional warfare, and strategic intelligence and planning operations related to psychological warfare. Members of the Panel will include civilians such as Max Millikan, Sam Stauffer, Paul Linebarger, S. L. A. Marshall, John W. Riley, Wilbur Schramm, and Leonard Cottrell. Representatives of USIA, OCB, State, FOA, and CIA will be designated as associate members. The first meeting of the Panel will be on Monday and Tuesday, September 13 and 14.

2. Since the work of the Panel will stress consideration of external research, I am designating [] to serve as the Agency's principal representative. It would probably be of benefit to our psychological warfare program if one of your people attended also. In addition, someone from TSS might find it useful to be present at those portions of the two-day meeting devoted to materiel research.
